

CATHEDRAL HOME

EST. 1910

CLINICAL THERAPIST

building therapeutic partnerships with youth & families
expanding access to care without barriers

JOB DESCRIPTION

Provide therapeutic care to youth, families, and young adults whose views of the world have been largely shaped by trauma.

Respond to the increasing need for mental health services in rural communities.

Expand access to care without financial barriers through prevention programs, outpatient therapy, crisis counseling, and residential treatment.

RESPONSIBILITIES

Effectively respond to trauma in therapeutic settings:

- use strengths-based, treatment-oriented ethics to facilitate individual, family, group, and milieu therapy for youth
- partner with youth & families to develop strategies for managing lived experiences
- assist clients in integrating learned strategies for ongoing healthy functioning

Collaborate with stakeholders to ensure lasting outcomes for youth and families

- establish effective working relationships with child welfare agencies, schools, and gov. officials

QUALIFICATIONS

- Master's degree in Counseling or Social Work
- Licensure or Provisional Licensure in Wyoming (or ability to obtain)
- Clinical experience with adolescent populations preferred
- Desire to promote the welfare of others, specifically youth & families
- Ability to pass background and child abuse registry checks
- Strong oral and written communication skills

WAGE & BENEFITS

The starting wage for this full-time position ranges from \$55,692 - \$59,692 and is commensurate with experience and licensure.

As part of Cathedral Home, you will be integral to building therapeutic relationships that help youth & families thrive + expand access to care without barriers.

Full-time employees qualify for:

- 9 paid holidays, vacation and sick time
- medical, dental, and vision insurance
- retirement plan with employer match

Join a trauma-sensitive culture that actively works toward advancement and social justice through family-driven care.
